

Product Specification Sheet

Product: Anti-Alkaline Phosphatase [Calf intestine] [Sheep]

Code: 100-6135

Lot # 705

Size: 2.0 ml

Physical State: Lyophilized

Protein Concentration: 33.0 mg/ml (by Refractometry)

Buffer: 0.01 M Sodium Phosphate, 0.14 M Sodium Chloride, pH 7.4

Stabilizer: None

Preservative: None

Application(s): suitable for immunoblotting (western or dot blot), ELISA, immunoprecipitation and most immunological methods requiring high titer and specificity.

Recommended Dilution(s): This product has been assayed against 1.0 ug of Alkaline Phosphatase [Calf intestine] in a standard sandwich ELISA using HRP conjugated Affinity Purified anti-Sheep IgG [H&L] (Rabbit) code #613-4302 and (ABTS (2,2'-azino-bis-[3-ethylbenthiiazoline-6-sulfonic acid]) code # ABTS-100 as a substrate for 30 minutes at room temperature. A working dilution of 1:1,000 to 1:5,000 is suggested for this product. Optimal titers for other applications should be determined by the researcher.

Storage Conditions: Store vial at 4° C prior to restoration. Restore with 2.0 ml of deionized water (or equivalent). Centrifuge product if not completely clear after standing at room temperature. This product is stable for several weeks at 4° C as an undiluted liquid. Dilute only prior to immediate use. For extended storage aliquot contents and freeze at -20° C or below. Avoid cycles of freezing and thawing. Expiration date is one (1) year from date of restoration.

Purity and Specificity: This product was prepared from monospecific antiserum by a delipidation and defibrination. Assay by immunoelectrophoresis resulted in a single precipitin arc against purified and partially purified Alkaline Phosphatase [Calf intestine]. Cross reactivity against Alkaline Phosphatase from other tissues and species may occur but have not been specifically determined. No reaction was observed against the bacterial form of the enzyme.

Immunogen: Alkaline Phosphatase [Calf intestine]

Note: This product is for research use only and is not intended for therapeutic or diagnostic applications. Please contact a technical service representative for more information.
